

## December 2016 New Mexico Utilization Report

- Overview Summary (pgs 1-2)
- Crisis and Access Line and NSPL (pgs 2-8)
- Peer-to-Peer Warmline (pgs 9-10)

In December of 2016, the New Mexico Crisis and Access Line (NMCAL) programs handled 3,709 calls. This includes 1,753 calls on the Statewide Crisis and Access Line, 264 New Mexico calls for the National Suicide Prevention Lifeline (NSPL), 984 calls for the Peer-to-Peer Warmline, and 708 after-hours calls forwarded from New Mexico's Behavioral Health Core Service Agencies (CSA's).

| December 2016: Calls Answered by T                  | ype   |
|---|-------|
| Total Statewide Crisis and Access Line + NSPL Calls | 2,017 |
| Inbound Clinical Calls                              | 1,606 |
| Calling about Self                                  | 1,477 |
| Calling about a Child                               | 24    |
| Calling about another Adult                         | 105   |
| Outbound Clinical Calls                             | 145   |
| Information/Referral Calls                          | 46    |
| Seeking information about NMCAL                     | 25    |
| Public Safety Calls                                 | 14    |
| Administrative                                      | 10    |
| Other   | 171   |
| Warmline Calls                                      | 984   |
| Calls Answered For CSA Crisis Lines                 | 708   |
| TOTAL CALLS ANSWERED FOR NEW MEXICO                 | 3,709 |

The New Mexico Crisis and Access Line and Peer-to-Peer Warmline are continually outreaching, collaborating, and partnering, with people, communities, and stakeholders, to promote public awareness of the programs. These efforts aid in ensuring that New Mexicans know that there is always someone here to hear you at NMCAL and the Warmline.

## **CLINICAL CALL INFORMATION**

New Mexico Crisis and Access Line

NMCAL, NSPL, Taos Gorge Bridge Intercoms, Public Safety/Law Enforcement, and CSA calls are answered by professional mental health clinicians. The following tables and charts provide information about the calls handled by mental health clinicians for NMCAL, NSPL, Taos Gorge Bridge Intercoms, and Public Safety/Law Enforcement during the month of December 2016.

| December 2016: Crisis Line Call Data   |               |
|--|---------------|
| Total Calls Handled on the crisis line | 1,753         |
| Service Level (answered under 30 sec)  | 80.9%         |
| Abandonment Rate                       | 5.6%          |
| Average Speed of Answer                | <b>21</b> sec |
| Average Call Length (all calls)        | 7.6 min       |
| Average Call Length (Clinical calls)   | 16.2 min      |

| Level of Care, Clinical Calls |       |
|-------------------------------|-------|
| Routine                       | 64.0% |
| Urgent                        | 33.5% |
| Emergent                      | 2.5%  |

Callers are asked for their county of residence; these responses cannot be independently verified. It is important to note that this data is not necessarily predictive of an overall need for services in each county. Some things to keep in mind when reviewing demographic information of crisis line callers include: (1) a small number of callers contact NMCAL quite frequently, (2) some callers chose not to share their demographic information during the call, and (3) there are community members that do not yet know about the NMCAL resource.

| County of<br>Residence | Total<br>Calls | County of<br>Residence | Total<br>Calls |
|------------------------|----------------|------------------------|----------------|
| Bernalillo             | 633            | McKinley               | 22             |
| Catron                 | 8              | Mora                   | 0              |
| Chaves                 | 25             | Otero                  | 30             |
| Cibola                 | 5              | Quay                   | 0              |
| Colfax                 | 1              | Rio Arriba             | 18             |
| Curry                  | 9              | Roosevelt              | 0              |
| De Baca                | 0              | San Juan               | 10             |
| Dona Ana               | 456            | San Miguel             | 6              |
| Eddy                   | 10             | Sandoval               | 52             |
| Grant                  | 8              | Santa Fe               | 61             |
| Guadalupe              | 1              | Sierra                 | 1              |
| Harding                | 2              | Socorro                | 8              |
| Hidalgo                | 1              | Taos                   | 15             |
| Lea                    | 7              | Torrance               | 4              |
| Lincoln                | 6              | Union                  | 0              |
| Los Alamos             | 5              | Valencia               | 25             |
| Luna                   | 2              | (outside NM)           | 26             |

NMCAL clinicians rate initial and concluding level of distress on every clinical call. Level of distress is based on both the caller's presentation or overt behavior, and on an assessment of their clinical situation. Even if a caller is not emotional or upset, their level of distress is rated higher if their clinical situation is acute.

| Primary Presenting Problem during Clinical Calls |       |
|--|-------|
| Alcohol/Drugs                                    | 2.8%  |
| Anger Management                                 | 1.3%  |
| Anxiety  | 29.1% |
| Child  | 1.0%  |
| Cognitive Concerns/Psychosis                     | 3.6%  |
| Danger to Others                                 | 0.3%  |
| Depression                                       | 8.8%  |
| Domestic Violence                                | 1.0%  |
| Family   | 4.5%  |
| Grief/Loss                                       | 1.8%  |
| Intentional Self Injury                          | 0.4%  |
| Medication                                       | 0.4%  |
| Relationship/Marital                             | 4.0%  |
| Sexual Assault                                   | 0.3%  |
| Situational Stress                               | 15.1% |
| Suicide  | 14.9% |
| Workplace/Career Assistance                      | 0.1%  |
| Other  | 10.6% |

For every clinical call, we track whether the situation could be stabilized by the clinician, or if a more restrictive level of care was necessary. These are the clinical outcomes of the NMCAL calls for December.

| Clinical Outcome For All Counseling Calls                              |       |
|--|-------|
| Caller stabilized by clinician, and referred to community resources if |       |
| appropriate  | 96.3% |
| Clinician made an abuse report   | 0.3%  |
| Caller will take the person of concern to the hospital                 | 0.5%  |
| Caller agreed to go to the hospital                                    | 0.3%  |
| Caller agreed to call 911 regarding immediate danger to a third party  | 0.6%  |
| Caller conferenced to 911 due to immediate danger                      | 1.0%  |
| Clinician contacted police with caller's consent                       | 0.3%  |
| Clinician contacted police without caller's consent                    | 0.8%  |

While it was not always the presenting issue, concerns related to suicide were reported on 30.1% of the clinical calls. Concerns related to drug or alcohol abuse were reported on 12.6% of the clinical calls. In December, 460 NMCAL callers reported concerns about suicide – either for themselves, or for the person of concern. NMCAL clinicians work with our callers to try to deescalate the emergency and create safety plans. We only involve hospital or emergency services when there is no less intrusive way to keep our callers safe.

| Clinical Outcome on Calls Involving Suicide                            |       |
|--|-------|
| Caller stabilized by clinician, and referred to community resources if |       |
| appropriate  | 91.5% |
| Caller will take the person of concern to the hospital                 | 1.1%  |
| Caller agreed to go to the hospital                                    | 0.4%  |
| Caller agreed to call 911 regarding immediate danger to a third party  | 1.5%  |
| Caller conferenced to 911 due to immediate danger                      | 2.4%  |
| Clinician contacted police with caller's consent                       | 0.9%  |
| Clinician contacted police without caller's consent                    | 2.2%  |

## PEER SUPPORT CALL INFORMATION

## Peer to Peer Warmline

The Peer-to-Peer Warmline is answered by certified peer support specialists 7 days a week, 365 days a year. In December 2016, the Peer-to-Peer Warmline handled 984 calls during its operating hours of 3:30pm to 11:30pm MT.

| December 2016: Warmline Utilization Call Data             |          |
|---|----------|
| Total Calls Handled                                       | 984      |
| * during Warmline operating hours of 3:30pm to 11:30pm MT |          |
| Average Call Length (all Warmline calls)                  | 14.9 min |

Community members select to call the Peer-to-Peer Warmline because they want to talk to someone that has "been there", has lived experience with some of the same things they, or a loved one, may be going through, and/or the peer support can offer callers information and support on how to take the next step in recovery and resiliency from a mental health concern.

| Outcome For Warmline Calls                   |       |
|--|-------|
| Caller reports feeling supported by the call | 95.8% |
| Caller received referrals                    | 1.0%  |
| Caller was transferred to an NMCAL clinician | 0.6%  |
| Emergency call to Public Safety was made     | 0.0%  |
| Other  | 2.5%  |

In December 2016 peer supports answered calls for people seeking support for themselves, or someone else, struggling with health concerns which relate to their mental, behavioral, emotional, social, and/or well being.

| Primary Presenting Problem in Warmline Calls |       |
|--|-------|
| Abuse/Neglect                                | 0.0%  |
| Administrative Call                          | 0.1%  |
| Employment/Education                         | 0.4%  |
| Family                                       | 3.0%  |
| Finances                                     | 0.6%  |
| Food/Nutrition                               | 0.5%  |
| Friends                                      | 0.7%  |
| Healthcare                                   | 4.9%  |
| Housing                                      | 1.5%  |
| Legal  | 0.6%  |
| Mental Health                                | 80.0% |
| Relationships                                | 2.9%  |
| Spirituality                                 | 2.3%  |
| Substance Use                                | 2.4%  |

Warmline Peers work in conjunction with NMCAL Clinicians to ensure that callers are receiving the most appropriate services. Therefore calls will sometimes be transferred to or from NMCAL.

| Calls Transferred between Warmline and NMCAL |   |
|--|---|
| Calls transferred from NMCAL to Warmline     | 5 |
| Calls transferred from Warmline to NMCAL     | 6 |
